PLANNING PREMISES AND FORECASTING

by Dr. Satyabrata Dash

PLANNING PREMISES

Planning premises means systemic and logical estimate for the future factors affecting planning.

Planning Premises

Planning Premises means the assumptions or forecast about future happening which serve as the basis of plans

According to koontz, " Planning premises are the anticipated environment in which Plans are expected to operate, they include assumptions or forecast of the future and Known condition that will affect the operations of plans "

Types of Planning Premises

1. Internal Premises and External Premises
2. Controllable, uncontrollable and semi controllable Premises
3. Tangible and Intangible Premises
